Policies updated quarterly with the most current regulations.

Credit union laws and regulations seem to change daily, many of which require you to amend or create new policies on a frequent basis. Now more than ever, your credit union needs to ensure that its policies are updated to reflect the ever-changing regulatory environment.

WHY POLICYWORKS?

+	OUR ONLY BUSINESS IS CREDIT UNION REGULATIONS
+	OUR TRAINED PROFESSIONALS HAVE YEARS OF EXPERIENCE WITH CREDIT UNION REGULATIONS
+	WE SAVE CREDIT UNIONS TIME AND MONEY
+	WE ARE A TRUSTED PARTNER TO CREDIT UNIONS

The Challenge

With the regulatory environment changing so rapidly, and the penalties for noncompliance so severe, it's imperative that credit unions keep their policies updated.

The sheer number of regulations, too, create challenges. Credit unions may not have the time, resources, or expertise to update policies on a regular basis.

The Solution

PolicyWorks has developed PolicyAid, a comprehensive online policy library to help your credit union develop and maintain policies as regulations change.

Policies are updated on a quarterly basis to reflect any new and amended regulations and are available for you to download in Word format so you can adapt them to fit your credit union's operations.

Our trained professionals study the regulations and review the footnotes and fine print in order to construct compliant policies, which frees you up to concentrate on the day-to-day needs of your members.

Some of the policies included in the library are:

- + Asset Liability Management Policy
- + Bank Secrecy Act Policy
- + Disaster Recovery Policy
- + Identity Theft Red Flag Policy
- + Indirect Lending Policy
- + Risk Based Consumer Lending Policy
- + Vendor Management Policy
- + And many more

The regulations aren't standing still, and you shouldn't either. Contact Jami Weems today at **866.499.7350** or visit us at **www.policyworkslc.com/policyaid.cfm** to subscribe today.
